

Case Study: Lotus Links Peer Support Session

Lotus Links were funded to run some training for parent/carers of children with special educational needs or disabilities (SEND) who are struggling to manage violent anxiety-led behaviour.

It was a great success, with 30 people attending.

Quotes from the session include:

"It was a brilliant speaker, so important to have these moments of connection."

"Thanks for arranging this, a lot of things said really made sense."

" Was a great event, feeling connected which is so important when dealing with challenges."

" It was great to see more dads attending"

"A really insightful speaker and a great day."
